④

Controle op vastzitten **binnen de 8 uur na inklikken**. Draai de kruk enkele keren in alle standen en beweeg de kruk stevig van voor naar achter in elke stand. Bij foute montage kan na 8 uur interne schade optreden.

Contrôle de la bonne connection **dans un délai de 8 heures après mise en œuvre de la poignée**. Actionnez la poignée quelques fois dans tous les positions et secouez-la fortement dans chaque position. Dans le cas d'un montage erroné un endommagement interne est possible après 8 heures.

Check if connection is correct **within 8 hours of clicking**. Turn the handle in all positions a few times and move it firmly back and forth in each position. In case of wrong assembly internal damage can occur after 8 hours.

Überprüfen Sie die richtige Verbindung **im 8 Stunde nach einklipsen**. Drehen Sie die Griff einige Male nach alle Positione und bewegen Sie kräftig an im jeden Position. Bei falsche Montage kann nach 8 Stunde interne Schade verhalten.
